- Quincy Hemphill attended the Eldorado, Ark. Show. 7-8 tractors were there. Show didn't meet their expectations due to bad weather.
- Pineland, Tx. show is this coming week end, April 5th and 6th. If interested in participating contact Mr. Larry Huddleston for more information.
- Sweet Potato Festival in Oak Grove, La is also the week end of April 5th and 6th.
- Henderson Texas pull and show is April 20th.
- Doug James brought the club up to date on our ride in Verda at Sabine Cross Western Town. There will be two rides. One will be 18 miles and one at 10 miles. The first ride will start at 9:30 AM at the western town. Lunch will be provided and the second ride will be in the afternoon. Dan Little plans on bringing a trailer to ride in for those who won't be driving a tractor. The location of Sabine Cross Western Town is 170 James Road off of Hwy 122.
- The Winnfield Forestry Festival representative requested to have the club display tractors at the festival. Only problem is the festival is the same week end we have scheduled our Verda Ride. Some members will try to display pieces equipment. The club will try next year not to schedule any of our events at the same time the Forestry Festival is going on.
- President Barry Howard reviewed safety regulations regarding our clubs activities. One of the requirements is to have a safety officer present at each of our events in case there is an accident. The individuals to represent the club as a safety officer will be Bill Campbell, or Barry Howard, or Philip Wilkerson or Wayne James. It is all of our responsibility to be safe.
